Good evening, South Park.

See attached email for Ms. Locke's statement that she "will pull the property owners and cc [Ms. Riotto] on the email."

I would like (a) a copy of that email and (b) a copy of whatever it was she intended to "pull the property owners" from. If the thing from which property owners were being pulled is maintained on paper I will need to come in and take a look at it.

Thanks,
